

You've never tried glue like it.

Gorilla Glue is America's biggest-selling glue because it works when other glues fail. It's waterproof, weatherproof, you-name-it proof.

Once it grips, it never lets go.

## GORILLA GLUE

THE ORIGINAL AND STILL THE BEST!

For The Toughest Jobs On Planet Earth®

For both professional tradesmen and casual DIYers, Gorilla Glue has earned its reputation by being so tough. When it comes to sticking, it gets results. Wood, metal, stone, ceramics: whatever surfaces you apply it to, even if dissimilar, it bonds. And then that's it, job done. Because a Gorilla bond is a bond for good.

### Why it's the best!

- **Versatility**  
Gorilla Glue isn't fussy, it's effective on virtually any surface, indoors or out.
- **More coverage**  
Expanding to 3x its size when curing, Gorilla Glue goes even further.
- **Non-toxic once cured**  
Tough doesn't have to be toxic. You're in safe hands with Gorilla.
- **Temperature resistant**  
Gorilla Glue is unaffected by extreme temperatures - hot or cold.
- **100% waterproof**  
Moisture's no problem - even underwater. You don't get wetter than that!

You've never tried tape like it.

Gorilla Tape is the extra-tough tape for inside and out. It's strong and reinforced, yet tearable by hand. And you can now pick up a range of sizes.

## GORILLA TAPE

GORILLA TOUGH ON A ROLL

For The Toughest Jobs On Planet Earth®

Gorilla Tape is the tape with attitude. Where other duct tapes come unstuck, Gorilla keeps strong. It's completely versatile - able to withstand the elements and stick easily to rough and uneven surfaces - like wood, stone and brick - so the ways you can use it are practically unlimited.

And, with new White and Clear Repair too, means you can choose the best roll to do the job.

- **Tough, weather-resistant shell**
- **Strong, reinforced backing**
- **Double-thick adhesive**

How do you make Super Glue even more super? By making it faster acting. Our fantastic new formulation has been improved to set in just 10 seconds.

## SUPER GLUE

IMPACT-TOUGH FORMULA

For The Toughest Jobs On Planet Earth®

And it's still just as versatile. One little bottle contains liquid that will grip firmly in place rubber, paper, wood, leather, metal, ceramics and more.

There's also new Super Glue Gel. Because the gel doesn't run, there's even more control, making it our most user-friendly Super Glue yet.

Whether liquid or gel, Super Glue really holds tight. Miniature rubber particles mean there's even less chance of the bond breaking if impacted. And with performance like that, it's no wonder it's super.

No Run  
More  
Control

Faster Setting    Anti-Clog Cap

- **Instantly bonds just about anything**  
If you can name it, this will probably stick it.
- **Impact strength**  
Shock resistance guaranteed, even with a big hit.
- **Reduced clogging**  
Keep your bottle fresh with an anti-clog cap and metal pin.
- **So easy to use**  
Just 10 seconds and it's stuck. No clamping required.

Not only the strongest epoxy around, Gorilla Epoxy is also simple to use and sets in just minutes. Bonds uneven and vertical surfaces like steel, aluminium, wood, ceramics and tile - making it the first choice for both household and vehicle repairs.

## GORILLA EPOXY

SETS IN FIVE MINUTES

For The Toughest Jobs On Planet Earth®

- **Dries fast**  
Ready in the time it takes to make a cuppa.
- **Dries clear**  
Provides a clean and easy finish.
- **Gap filling**  
Superior fills for gaps and voids.
- **Water resistant**  
Can be exposed to moderate amounts of moisture.

From dads-in-sheds to master carpenters, everyone can make use of this hard-working, long-lasting PVA. It is uniquely formulated to stick a variety of wooden surfaces. And, due to its superb water resistance, Wood Glue is just as tough on outdoor projects.

## WOOD GLUE

WOOD GLUE JUST GOT TOUGHER

For The Toughest Jobs On Planet Earth®

- **Faster working**  
Just clamp for 20 minutes.
- **Long-lasting formula**  
Get more from every bottle.
- **D3 water resistant**  
Well-suited to outside jobs.
- **Dries a natural colour**  
For a professional finish, good as new.

UNIQUE CAP  
STOPS DRYING  
OUT, PREVENTING  
BLOCKAGES
