

HEAVY DUTY WEED CONTROL MEMBRANE

WEEDCHECK ULTRA

- Controls weeds
- No need for chemicals or weed killers
- Allows air, nutrients and water to permeate through to the soil
- Creates healthy and fertile soil
- Contributes to low maintenance gardening
- All fertilizers, liquid or solid feed can be used with WEEDCHECK ULTRA

25 YEAR GUARANTEE

When covered with a mulch

USES

- Aggregate areas/scree areas
- Flower and shrub beds
- Vegetable beds & protection
- Under artificial grass
- Under decking with a mulch
- Under domestic patios
- Childs play areas with mulch
- Lining plant containers

USEFUL TIPS

Best to 'spit' WEEDCHECK vertically at the edges to a depth of 150/200mm

Overlap joins by 120mm

WEEDCHECK is for pedestrian use only. For traffic applications use GROUNDCHECK or STRATACHECK

Although WEEDCHECK allows water to pass through, it is not suitable for drainage applications. For drainage applications, use STRATACHECK.
